

## Vehicle & Traffic Safety

### 1. Know Your Signals

- Green means 'go': Only when the signal turns 'green', vehicles move ahead.
- Red means to 'stop': When the signal turns red, all the vehicles have to stop.
- Yellow means to slow down: When the signal turns yellow, vehicles should slow down and prepare to stop.
- The 'Walk' or a walking man symbol at intersections are for pedestrians. Cross the road only if these signs turn green. But look to the left and right to ensure no vehicles are approaching.
- Never cross the road if the sign says 'Don't Walk' or if the walking man symbol turns red.

### 2. Stop, Look Both Ways & Cross

### 3. Pay Attention – Listen for the sound of horns or vehicles.

### 4. Use Sidewalks

### 5. Use Crosswalks and Pedestrian Crossing When You Cross the Street

### 6. Stay Safe Inside a Moving Vehicle

- a. Wear a seatbelt. (Children under a certain age/size are required to use car seats.)
- b. Never stand inside a moving vehicle, especially a school bus or van.
- c. Do not put any part of your body outside the window of a moving vehicle.

Parents: Do not use cell phones while driving. Never leave your children alone in the vehicle.
